SCHOOL OF ENGLISH:

The school is one of the first English schools built in Malta. It has a long tradition of high quality English language courses. Born in 1987, it is a founding member of FEL-TOM (Federation of English Language Teaching Organizations of Malta). Certified ISO 9001.

Courses take place in a college specific for underage students. Language courses are structured in order to provide the students with a solid basis for the English language: they pay attention to grammar, vocabulary, speaking and pronunciation. General texts and audio equipment are at the basis of the lesson structure, but teachers stimulate the students thanks to role-playing games, debates and stories; they try to improve students' problem-solving skill as well.

General English Course: every morning from Monday to Friday. The course lasts 3.5 hours a day, 5 days a week, for a total of 17.5 hours a week. The teachers are native-speakers and qualified. Several language levels are available, from beginner to advanced.

WHERE:

Sliema is a town located 8 Km away from Valletta. It's a lively town, populated by many young people; a brilliant mix of ancient and modern styles, since you can see residential areas merging with typical Maltese houses - with their particular balconies - and with typical Victorian houses. There you can find a wide range of shopping centres, hotels, restaurants, cafes, shops and many interesting places for tourists. Thanks to its thousand-year-old history, this town boasts a precious artistic, historical and musical heritage; it has a lot to offer, especially to those who love history and archaeology: fortresses, museums, megalithic temples, many places witnessing the pass or the stay of the famous Knights of Saint John and the evidence of the destruction caused by World War II.

ACTIVITIES AND EXCURSIONS:

The programme of excursions and activities is intense and gives the students the possibility to stay outside, to know Malta and have fun, obviously while practicing the English language with peers coming from other parts of the world.

ACCOMMODATION:

Host families are carefully selected every year by the management of the school. Number of students per room: 2/3. Shared bathroom.

Residence accommodation provides the following services: swimming pool, Internet access and game room.

The students stay in multiple rooms (4 beds maximum) supplied with air conditioning, TV and private bathroom. Bed and bathroom linen are provided. Towel change once a day, sheet change once a week. Laundry service in return for payment.
